

### Art

- Research Benjamin Von Wong or Sonia King, build a portfolio of their work and why you like it.
- Draw or paint a river scene.
- Make a collage of a river scene using a variety of materials.

### DT

- Repurpose some rubbish. What can you do with an old plastic bottle?
- Recycle some clothes to create a new outfit using your stitching skills. For example, attach some new sleeves to an old t-shirt.
- Clothes lost a button? Reattach it using your sewing skills. Take photos before and after to show your DIY prowess!

### Computing

- Try some stop motion animation on a device and send your video in to wow your classmates!
- Create a powerpoint presentation on any of the topics we are covering. For example, create a comparison between a village and city with photos and organised slides.

### R.E. / P.H.S.E.

- Create a poster on how to be healthy in 2023.
- Research the artefacts that you may find in a Mandir (Hindu Temple)
- Write a flowchart of steps that you would need to go through to achieve your ultimate dream or goal.
- What were the events of Holy week? Draw a comic strip to detail the events leading up to Jesus's resurrection.

## Eco Life Year 4 Homework

### English

- Write a poem about nature, such as the wildlife in your garden or a forest.
- Write an explanation text about river safety or how and why substances change state.
- Write a letter to the local council asking them to do more to protect the environment.

### Science

- Conduct an experiment at home to show how substances can change state from gas to liquid to solid and vice versa.
- Research different animal classifications, create a fact file for your favourite type.
- Draw a diagram of an animal and label the features that are unique to its animal group.
- Create a poster raising awareness of how changing a river environment could have adverse effects on the wildlife.

### Geography

- Visit a city and take photos of physical geographical features such as a river, canals, estuaries etc.
- Present some data on human geography within cities, for example comparing population in cities across the UK.
- Draw a venn diagram of the features within cities and villages.

For homework this term, you need to select 10 pieces that you would like to do to help you discover more about our theme and record each one using the table below. You need to select at least one activity from each subject box. Each piece of work that you produce must be of high quality, as they will be shared with your class. Be as creative as you can and have fun completing each activity, you might even like to do an activity as a whole family. Your class teacher will regularly check-in with you to find out how you are getting on with each project. Once you have completed a piece of work, remember to bring it into school or take a photo, so that your class teacher and class can see the fantastic work that you have produced. All 10 pieces must be completed and handed in by Thursday 30<sup>th</sup> March . **Please note, you do not have to stick to the activities suggested.** If you have a better idea that links well to our theme and the subjects above, please feel free to do so. Additionally, if your child needs any support or resources, please ask their class teacher.
